About Bridge

Bridge is one of the most enduring and popular games in the world; for over 100 years, people of all types and from all walks of life have been fascinated by the game. It is one of the most popular leisure activities in Britain, with around 300,000 people playing on a regular basis. Bridge is a trick-taking card game of skill and chance. It is played by four players who form two partnerships (sides); the partners sit opposite each other at a table. The game consists of the auction (often called bidding) and play, after which the hand is scored. Please [click here](#) for more information on bridge.
