The totals shown in the Green Point columns are for gold point eligible greens only.

2007 Master Point season was 18 months long as we switched to the calendar year.

1 Gold Point = 5 Green Points won in an individual event.

Only gold point totals of 1.00 or more are shown on these lists.

Gold Points depreciate at 20% per annum. Thus the gold point total shown above is calculated as follows:-

$GP = ((0.2 \times 2008) + (0.4 \times 2009) + (0.6 \times 2010) + (0.8 \times 2011) + (1.0 \times 2012)) / 5$
