Appendix -  
Detailed Regulations  
on permitted agreements

## **Detailed Regulations on Permitted Agreements**

Only the first round of the auction is regulated. Any agreements are allowed from opener's rebid onwards. Natural calls are always permitted (see the main text). Unless specified otherwise, any bid may be played either as forcing or as non-forcing.

Any call that is game forcing from strength is allowed. In addition, you can play whatever you like, as either the opening or the defending side:

- ♥ after any two-level or higher opening,
- ♥ after a 1NT opening at Levels 3 and 4
- ♥ after your opponents have opened with a forcing bid, whatever its strength,
- ♥ after your opponents have opened or responded with an artificial bid,
- ♥ after the bidding has reached 4NT or above,
- ♥ after any call that is game-forcing.

A redouble may always have any meaning.

Where a list of options is given separated by 'or', you must agree in advance which one you are playing – the call cannot mean a combination of the options unless explicitly specified.

The word 'Strong' with an initial capital refers to the formal definition given in the main text (at least 16 high card points HCP, or rule of 25, or at least eight clear-cut tricks).

### ***Leads, Signals and Discards – Levels 2, 3 and 4***

Any system of leads, signals and discards may be used as long as the convention card gives reasonable detail, with two specific restrictions:

1. Dual meaning signals (when following suit) are not permitted. For example, it is not allowed to give one message (e.g. attitude) according to whether the card is odd or even and another message (e.g. suit preference) according to whether the card is high or low. Dual meaning discards are permitted.
2. No form of encrypted carding is permitted. That is, carding whereby the meaning of a lead, signal or discard is based in principle on information not available to declarer.

## Level 5 - Detailed List of Permitted Agreements

Level 5 is based on the WBF systems policy, allowing agreements that are neither “Highly Unusual”, nor “Brown Sticker”, together with agreements that are currently permitted at Level 4, or have previously been permitted at Level 4. The definition of ‘Strong’ used at the other Levels does not apply at Level 5.

Restrictions only apply to opening bids, to direct overcalls of natural one-level opening bids, and to carding.

<b>1-Level Opening Bids</b>	
<b>General</b>	
A one-level opening must show 8+ HCP, and must not systemically be weaker than an initial pass. It also must not show either length or shortage in a specified suit, nor show either length in one suit or length in another.	
An initial pass must not show opening bid values, even if there are alternative weak possibilities.	
<b>Specific</b>	
1-level openings	Any opening permitted at Level 4 is also permitted at Level 5.
1♣/1♦	The suit length restrictions above do not apply to one of a minor in a strong club or strong diamond system.
1♥/1♠	Non-forcing, a defined range with a minimum of at least 9 HCP, and a balanced hand (no singleton or void, no 7-card suit).
1♠	A hand with clubs or diamonds as the longest suit.
<b>2-Level and Higher Opening Bids</b>	
General	Any opening permitted at Level 4 is also permitted at Level 5.
<b>Specific</b>	
2 of a suit, 2NT, 3 of a suit	Any meaning that shows at least four cards in a known suit if it is weak (may by agreement be made with less than 10 HCP). If the bid does not show a known four-card suit it must show at least 13 HCP.
<b>Defence to a natural 1 of suit (including 1♣/1♦ showing 3+ cards)</b>	
<b>General</b>	
An overcall of a natural opening bid of one of a suit must promise at 4+ cards in a known suit. Any overcall permitted at Level 4 is also permitted at Level 5.	
<b>Specific</b>	
NT Overcalls	Any natural meaning
Cue bids	Any meaning that shows a strong hand (including a jump cue bid that asks partner to bid 3NT with a stopper in that suit).

### Carding

Players may not use signalling methods by which the message or messages conveyed by the signals are hidden from the declarer because of some key available only to the defenders (i.e. encrypted signals are not allowed).
