

English Bridge Education & Development (EBED) are pleased to announce they are hosting new games on Bridgebase Online (BBO) aimed specifically at students and novice players. The sessions will run on Wednesday and Friday afternoons at 2pm, starting 3rd June, and will be open to all new players or those requiring a gentle introduction to online bridge.

Please pass this information to all your students as this is an opportunity for all learners and novice players to practice their bridge and meet up with yourself and other students online.

Boards will be played at a relaxed pace and in a safe and encouraging environment. An experienced teacher will be on hand to answer questions and you will be invited to join a post session discussion on Zoom, where you can meet your fellow bridge players. If you require a partner, please get in touch and we will help you.

Please click [here](#) to register and we will forward your joining instructions.

Overview:

- Sessions aimed at students and novices with an NGS no higher than 6
- Introduction to online play in a gentle environment
- Help from an experienced teacher available throughout the session
- \$3 (BBO \$) per 12 board session
- After session Zoom discussion to meet your fellow students
- Help finding a partner
- Hand records available after play

If you are new to online bridge, help is available via the following link [information about getting started with BBO](#). When purchasing \$BB we strongly advise you to do so through the [BBO website](#) and not through an app on a smartphone or tablet due to the hefty surcharge applied.

We hope you will join us and enjoy meeting likeminded players new to online bridge. If you have any questions or require further assistance, please let me know.
