

The European Bridge League (EBL) has established a dedicated Women's Bridge Committee, which has been tasked with the following goals:

- To strive to increase the number of female players in EBL tournaments
- To "bridge the gap" between men and women in the top-level international competitions
- To strengthen the links with female players, to get closer to their needs and the issues they face as youth, adult, and senior players
- To promote, facilitate, and retain women in the practice of bridge under the best conditions
- All of the above will be operated under the slogans: FAIR PLAY FOR WOMEN! & BRIDGE IS A GAME FOR ALL!
