

Dear Member,

May I introduce myself.

I am 40, married and have three children.

Since graduating from Cambridge in Maths and Law, I have worked for ICI in a variety of jobs. My most recent job was Financial Manager of the ICI Branch in Iran. I am a Cost and Management Accountant.

I have played bridge as my dominating hobby for some 12 years. I am experienced and have won prizes at various tournaments over the years, but am still only a Regional Master.

I have taken the job of Executive Secretary primarily because I believe it will be fun. I am aware that the E.B.U. exists to provide what the members want, and I look forward to getting both positive and negative feedback on what the E.B.U. does. My business and accountancy background will help me both to be fair and hard-headed as appropriate.

I have been very impressed by the deeply based fund of goodwill evident not only from the members but also from the fourteen other staff employed at Thame.

I look forward to contributing to a period of change and growth based solidly on the success of the past.

PETER BRIGGS.
