

Seniors Pairs Championship

Semi Finals

Main Semi Final will be 11 tables, consisting of the top 22 pairs from the qualifier. There will be a carry-forward of 50% of the qualifier score. Starting positions will be displayed.

The secondary Semi Final will be 7 tables, played by the remaining 14 pairs, with no carry forward. Draw for starting positions.

Finals

The A and B finals will be 5-table, all-play-all events. Starting positions will be displayed.

From the main Semi Final, the top 9 pairs will qualify for the A final and the next 6 pairs will qualify for the B final. The carry-forward to the A final for these pairs is 50% of their percentage score from the semi-final (including the earlier carry-forward).

From the secondary Semi Final, the top pair will qualify for the A final and the next 4 pairs will qualify for the B final. The carry-forward to the A final is $\frac{2}{3}$ of the pair's percentage score in the Semi-Final, subject to a cap of the carry-forward of the 5th placed team in the main Semi Final and a 'collar' of what would have been the carry-forward of the 10th placed team in the main Semi Final.

The remaining pairs from both Semi Finals play in the consolation final. Draw for starting positions.

There is no carry-forward to the B final or the consolation final.
