

Managing EBU and Bridgewebs Membership lists

It is important to keep your EBU membership list up to date as this is the list the EBU will use to determine who are members of your club and who will receive member benefits.

Firstly go to Bridgewebs Web Administration:

Release 2.19r

EBU Results - Web Administration

This web site is using the "BridgeWebs" service.

You will need to use the Bridgewebs "Web Administration" to update your web site. You can use the button below. This will open up in a new "Tab" where you can login and administer the "EBU Results" web site. You will then have two Tabs open, this one for your web site and another for Administration. You can switch between the two quickly to see the effects of your changes.

Alternatively (**and recommended**), you can click on the above the menu to quickly toggle between the web site and Web Administration.

You can use the above the menu to print any page without the Banner and Menu.

Please use the you will find around the pages to go to help on a particular topic.

Please use the above the menu to see details of the "Latest Enhancements" in the Release Notes.

If you have any comments about the software, please use the "Web Administration Login" and then use the "Administration Support Request" option.

This site is built with **Bridgewebs**, the easy web solution.

Go to this screen and enter your club EBU number and password in the fields highlighted, this will enable you to compare your Bridgewebs membership list with your EBU membership list:
