

Clubs wishing to affiliate which play fewer than 26 sessions per annum.

In an effort to ensure that we adapt our policies for the benefit of our members, our affiliated clubs and the development of duplicate bridge in England we have reviewed our existing policies on club affiliation. After consultation with the National Club Committee the following change will be implemented on 1 April 2013.

Bona fide duplicate bridge clubs which play less than 26 sessions per annum will be permitted to affiliate to the English Bridge Union subject to their county's agreement. To ensure that there is differentiation between our existing affiliated clubs and these new clubs, affiliation costs will be double the annual affiliation fee plus payment of the full pay to play subscription fee for each session played.
